

SOCIETY MEMBERSHIP

As we plan for an in-person Society Meeting on June 2, we would like to begin the process of updating our registry for membership to the school society. If you would like to attend and vote at this year's annual meeting and do not currently have a child enrolled, we would like you to stop by either the elementary or high school office to sign the new membership form. Parents/guardians of current students are automatically members of the society and do not need to register.
